

INTERIOR DESIGN FEES AGING IN PLACE

The services provided by an Interior Designer and a Certified Aging In Place Specialist are not a luxury, rather a practical solution to design problems. Bad planning equals disappointing results. Design services will save time, money and stress. There are a variety of fees for service.

FIXED FEE: A sum is determined to cover costs, from conceptual development through layouts, specifications and final installation.

HOURLY FEE: Compensation is based on actual time for designer consult (\$65 - \$75 / hour).

PERCENTAGE OF A PROJECT: Compensation is computed as a percentage markup on total project cost.

RETAINER: The client pays a sum up front for professional services.

COST PLUS: The designer specifies materials and services at wholesale and adds a percentage (less than retail to cover fees and services).

PAYMENT: Invoices are issued and payment and navment is due upon receipt.
